Cybersecurity Portfolio & Projects

Professional Summary

Cybersecurity analyst with hands-on experience in Security Operations Center (SOC) practices, authentication log analysis, and attack simulation. Skilled in investigating Windows Security Events, Sysmon telemetry, and detecting brute-force, password spraying, and MITM attack patterns. Strong foundation in network monitoring, endpoint analysis, and threat investigation.

Technical Skills

- Security & Monitoring:
  - Windows Event Log Analysis
  - Sysmon Telemetry & Endpoint Investigation
  - RDP Authentication Analysis
  - MITM Attack Detection & Analysis
  - Threat Pattern Recognition & Log Correlation
- Tools & Technologies:
  - Kali Linux, Nmap, Wireshark
  - VirtualBox / VMware
  - Git & GitHub
  - Microsoft Excel
- Systems & Hardware:
  - Windows OS Configuration & Optimization
  - PC Hardware Troubleshooting
  - Network Fundamentals

Projects

- MITM Detection Tool Using Machine Learning
  - Developed a machine learning-based detection system to identify MITM attacks in a controlled lab environment.

    - Simulated network attack scenarios and performed feature extraction and traffic classification.

- Custom Network Sniffer Tool
    - Designed and implemented a packet sniffer for local network traffic inspection and analysis.

- SOC Labs & Attack Simulation
    - Simulated brute-force and password spraying attacks and investigated authentication logs.

Professional Experience

- Careem – Smart Application Driver
    - Maintained high professional standards, time management, and reliability in a performance-driven environment.

- Advanced JO – Sales Promoter (ISMOD Product)
    - Promoted product features and engaged directly with customers to improve sales performance.
    - Utilized Microsoft Excel for sales tracking and reporting.

Training & Certifications

- Certified SOC Analyst (CSA) – EC-Council
- CEH Training – The Hope International EDU
- Cisco Summer Camp 2025

Education

Bachelor's Degree in Cybersecurity – Jordan University of Science and Technology (2021 – 2026)
GPA: 3.3
Tawjihi Scientific Stream – 88%
